Response to Amendment

1. This Office Action is responsive to RCE and amendment received on 8/25/2008. Amended claims entered as requested. Claims 27, 36-48 and 50-55 have been canceled. Claims 1-26, 28-35, 49 and 56-65 remain in the application.

Allowable Subject Matter

2. Claims 1-26, 28-35, 49 and 56-65, as amended, are allowed over prior art of record.

The following is an examiner's statement of reasons for allowance:

The claimed invention concerns with testing a VoIP network using a butt set device and presenting visual and audible results of the test. The method step include "inventive VoIP test device receiving response signals from the VoIP network via a code configured to process signals via a plurality of compression protocols and providing an audible output device and an audio input device to facilitate bi-directional VoIP communication".

The closest prior art, Starr (US 2003/00212388) and Hough (US 2002/0015387), disclose methods for testing transmission line and a system used to test VoIP gateway. However, Starr and Hough, taken alone or in combination, fail to disclose the inventive test device and method steps as above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
